

RCA Safety Measures for School of Blues

For a secure but equally entertaining night of blues, RCA has come up with the following health and safety measures:

- Before entering the RCA building, patrons will be asked to fall in line by the main entrance. Floor markings are provided as guide for appropriate social distancing.
- The main doors are the designated entrance, while exit is towards Cawston Avenue near the theatre entrance.
- Patrons shall remain at home if they are feeling sick. They are also responsible for informing RCA of any COVID-19-related concerns before, during, and after the event.
- Wearing masks is strongly recommended as precaution.
- Audience members shall register on the log sheet supplied per table in the Atrium for contact tracing.
- Limited number of people will be allowed inside the Atrium. Maximum of four (4) people of the same bubble will be seated in each table.
- Drinks will be sold in the Bistro. Patrons shall remain seated and wait to be served/assisted.
- As much as possible, audience is advised to remain at the Atrium premises and to avoid loitering in the hallways.
- Sanitizing stations are placed in the building; people can wash or sanitize their hands upon entrance and from time to time.
- Washrooms are regularly disinfected, as well as other high-contact surfaces.
- Performers will be at least three (3) meters away from the audience and two (2) meters away from each other.
- Everything brought into the space should be packed out, except for properly recycled or disposed of products.
