

Complaints Policy

The Society is committed to providing our stakeholders and the general public with a high level of service in conjunction with carrying out our mission and vision. As part of that commitment we recognize that from time to time, there may be issues or complaints from our stakeholders and the public about our programs, services, staff and/or volunteers.

Purpose

The purpose of this Policy is to create a transparent and fair method of responding to public complaints about our activities, programs, services, staff or volunteers.

Scope

This Policy applies to complaints received by the Society about our activities, programs, services, staff or volunteers. This Policy serves as a companion to our Whistleblower Policy, Bullying & Harassment Policy and Protection of Personal Information Policy.

Guiding Principles

When we receive and deal with a Complaint, we will be guided by the following principles:

1. Complaints will be dealt with and resolved in a timely fashion;
2. Complaints will be reviewed in a fair and respectful manner;
3. Complainants will be provided with an explanation of the decision and, where appropriate, the corrective or other actions taken following the complaint;
4. the Society will use complaints to assist us in improving our programs, services, policies and procedures;
5. Complainants will have the option of escalating their complaint to a more senior staff member or to the Board of Directors if they are dissatisfied with how the complaint has been dealt with.

Types of Complaints

For the purposes of this Policy, a “Complaint” is the expression of dissatisfaction or concern about:

- a Society service or program;
- an action or decision taken by the Society;
- a failure to follow a policy or procedure; or
- the way in which a Society employee or volunteer carries out his or her duties.

A “Complaint” is distinct from a general inquiry, suggestion or constructive feedback. A Complaint is also distinct from filing a report under our Whistleblower Policy.
